## Anemomilos Apartments

The Anemomilos property comprises sixteen fully-fitted studios and one suite located in Hora, the island's main village. Perched on the side of a steep cliff, Anemomilos Apartments—named after Hora's sole windmill that once stood on the site—offers guests breathtaking views of the Aegean

Respecting the island's original character, Anemomilos Apartments demonstrates a simple and yet warm authenticity in all of its features, from its architecture to the personal way by which visitors are treated. Guests can enjoy a lavish breakfast with homemade cakes and evening cocktails from their private balcony or on the bamboo-shaded terrace by the recently-renovated pool. Either way, the view is spectacular.
